

Year 5 unit 6 Extension Activity

We know the tables to 10. We can use them to work out division facts and to multiply multiples of 10 and 100

Now use the knowledge of tables and multiples of 10 and 100 for division challenges.

$320 \div 8$ (we know that $32 \div 8 = 4$, so $320 \div 8$ is 40)

$420 \div 7$

$810 \div 9$

$240 \div 6$

$360 \div 60$

$490 \div 70$

$720 \div 90$

$120 \div 20$
